BACKGROUND

This policy applies to all of UPward Talent Council, hereafter referred to as Upper Peninsula Michigan Works! (UPMW), participants, sub-grantees, subcontractors, service providers, employees, One-Stop partners, providers of training services, and other interested parties. The policy establishes procedures for alleged equal opportunity discrimination complaints. This policy is not intended to unduly supplant or replace federal and state regulations and requirements contained in applicable statutes. If in any instance the use of this policy appears to be in conflict with the rights and authorities given to the UPMW and/or LEO under the regulations, such conflicts must be resolved in the favor the applicable regulation.

In addition to equal opportunity, this policy provides guidance to harassment, reasonable accommodations and limited language proficient as required by the Workforce Innovation and Opportunity Act (WIOA).

EQUAL OPPORTUNITY AND HARASSMENT

Policy

UPMW employees, all subcontractors and grantees, and sub-recipients thereof of Workforce Development Board funds, must comply with Section 188 of the Act and 29 CFR§38 of the WIOA EO regulations and subsequent changes, along with Title VII of the Civil Rights Act of 1964 and Michigan Civil Rights Act.

It is against the law for this recipient of Federal financial assistance to discriminate on the following bases: against any individual in the United States, on the basis of race, color, religion, sex (including pregnancy, childbirth, and related medical conditions, sex stereotyping, transgender status, and gender identity), national origin (including limited English proficiency), age, disability, or political affiliation or belief, or, against any beneficiary of, applicant to, or participant in programs financially assisted under Title I of the WIOA, on the basis of the individual's citizenship status or participation in any WIOA Title I—financially assisted program or activity.

The recipient must not discriminate in any of the following areas: deciding who will be admitted, or have access, to any WIOA Title I—financially assisted program or activity; providing opportunities in, or treating any person with regard to, such a program or activity; or making employment decisions in the administration of, or in connection with, such a program or activity. Recipients of federal financial assistance must take reasonable steps to ensure that communications with individuals with disabilities are as effective as communications with others. This means that, upon request and at no cost to the individual, recipients are required to provide appropriate auxiliary aids and services to qualified individuals with disabilities.

UPMW including all employees, all subcontractors and grantees, and sub-recipients thereof of Workforce Development Board funds, expressly prohibits and will take quick and decisive measures in response to any form of discrimination, harassment, sexual harassment (physical, including unwelcome touching or gesturing., verbal, including unwelcome requests for a date or sexual favors or lewd remarks or sounds., visual, including unwelcome exposure to sexual photos, cartoons or drawings) or other unlawful harassment (unwelcome behavior that creates a hostile work or training environment) based on race, color, religion, sex, national origin, age, disability, height, weight, genetic information, marital status, arrest without conviction, political affiliation or belief, and for beneficiaries only, citizenship or participation in any federally assisted program or activity.

Furthermore, UPMW is committed to protecting any individual who reports harassing conduct or otherwise participates in an investigation or review of such charges.

Interference with the ability of UPMW to carry out this policy will not be tolerated. All UPMW subcontractors and grantees, and sub-recipients thereof of Workforce Development Board funds are required to adopt and disseminate comparable nondiscrimination and discriminatory harassment policy.

UPMW and their sub-recipients will permit all individuals the right to freely express their views and exercise their right to religious freedom.

UPMW and their sub-recipients will make “reasonable accommodations” to the known physical or mental limitations of otherwise qualified individuals with disabilities and for religious practices or beliefs, unless the requested accommodation would impose an undue hardship. All participants, employees, applicants for employment, and the general public may request accommodations in accessing agency programs and services. Forms for requesting such accommodations are available upon request at any UPMW Michigan Works! Service Center.

UPMW will make reasonable modifications to agency policies, practices, and procedures when requested, unless such modifications would result in a fundamental alteration in the nature of UPMW programs activity or service. UPMW and its sub-recipients will disseminate both public and internal agency notice of the local accommodations process and maintain, as readily available materials, any forms or instructions that are to be used to initiate an accommodations request.

All UPMW staff and sub-recipients shall develop an ongoing program of staff training and development on ADA and programs, services and accommodations for persons with disabilities.

of the complaint, you need not wait for a decision to be issued, but may file a complaint with CRC within 30 days of the expiration of the 60-day period. If you are dissatisfied with the recipient's resolution of the complaint, you may file a complaint with the CRC. Such complaint must be filed within 30 days of the date you received notice of the recipient's proposed resolution.

Should any administrative enforcement actions or lawsuits alleging discrimination on prohibited grounds be filed against UPMW and/or any of its recipients/provider agencies while administering local workforce programs, the EO Officer will promptly notify LEO. If the pending litigation or enforcement action is filed against a program receiving federal financial assistance from the USDOL, a copy of the notice will be simultaneously filed with the Director of the Civil Rights Center.

NOTE: THIS PROCEDURE APPLIES ONLY TO CASES OF ALLEGED DISCRIMINATION. NON DISCRIMINATION GRIEVANCES ARE COVERED IN UPMW'S COMPLAINT AND GREIVENCEANCE POLICY.

REASONABLE ACCOMMODATIONS

In order to provide a positive experience for applicants for employment, agency staff, general public and where applicable, applicants for program services, who may need special accommodations in order to utilize programs and services funded through Michigan Works! shall abide by the following request for reasonable accommodations process:

Requesting Accommodations

This Policy/Procedure serves as notice that auxiliary aids and services will be made available to individuals with disabilities upon request. Such notices will be made available via worksite posting, meeting announcements, printed materials and other forms of general communications. If a request is made, then UPMW will determine in a timely manner (within 30 days) the most appropriate way of providing the accommodation desired.

1. All requests must be in writing and include date of request, name, address, phone number, accommodation requested and whether it is a permanent or temporary request. If accommodation is for a specific event, event date and time must also be given.
2. All requests will be given to the EO Officer for review. If a determination of undue financial burden is necessary the requests will be directed to the Chief Executive Officer.

Respect for Religious Beliefs

All individuals have the right to freely express their views and exercise their right to religious freedom. Should reasonable accommodations for religious practices or beliefs be needed, the request will follow the same process as for Requesting Accommodations listed above.

Restructuring Job or Training Programs

When a participant or employee with a disability or a religious belief requires that a job or a training program be restructured, every consideration will be explored. It is suggested that job descriptions indicate essential duties (such as driving or typing), in order that applicants become aware of specific expectations. Some conditions may be restructured fairly easily (modified work or training schedules, modified breaks or the use of adaptive equipment). Other restructuring may suggest more complicated solutions, such as the provision of a driver. Such accommodations will be taken under consideration, with respect to duration, cost, availability and other criteria to be explored jointly by the employer and the employee.

Modified Work or Training Schedules

In order to accommodate an employee with a disability or a religious belief that precludes performance within the established work schedule, the following options will be considered as solutions: different starting/ending times, modified work breaks, job sharing, flex time or other variations in schedules. Benefits and/or compensation may be prorated, depending on the total reduction of hours worked, if applicable.

Altering Assessment/Testing Techniques

Most of the assessments performed by UPMW are performed in writing or during an interview. When necessary and appropriate, written materials will be read out loud, recorded for playing on audiotape, or enlarged by computer. If a hearing disability exists, and written communication is not effective, efforts will be made to secure the services of an interpreter. The evaluation of altered assessments or test will not adversely affect a person's inclusion in employment.

Providing Auxiliary Aids and Services

All service centers are equipped with computers with a large monitor with enlargement capabilities. Each service center has at least one height adjustable work station to accommodate the appropriate height for the user. Materials generated by UPMW will be made available in larger type upon request by individuals with visual disabilities. If available a sign language interpreter will be secured for meetings or interviews with advance notice provided by the individual with a hearing disability. Other unforeseen accommodations will be addressed on an individual basis.

Acquiring or Modifying Equipment or Devices

In addition to the devices already provided, UPMW will consider other requests for modified equipment or devices. The acquisition of such devices will take into consideration the duration of need (full time employees may need more permanent solutions than occasional visitors to the One-Stop Center, for example), the cost, the number and frequency of users, and the anticipated benefit to the user. Such a decision will be made by the Chief Financial Officer.

Facility Accessibility

The service centers have been self-evaluated to determine barrier free access. If it is determined that alterations required in the future to continue complying with the Americans with Disabilities Act, the management will consult with the building owner and proceed with the appropriate modification or alterations.

Determination of Undue Financial Burden

As with most expenditures, consideration will be given to cost versus benefit received. The determination of undue financial burden for accommodations will be made on an individual basis, using the following guidelines to assist in decision-making:

Employees:

1. Is the person who requires accommodations an existing non-probationary employee who requires permanent alterations or accommodations in order to continue to perform his/her job duties? or,

Is the person who requires accommodations a viable candidate for permanent employment who will require permanent alterations or accommodations in order to continue to perform his/her job duties?

2. Will the accommodation cost less than 10 percent of the person's wage?

If the above answers are yes, and funds are available, UPMW or a service provider will be expected to provide satisfactory accommodations, unless they can provide a substantial reason not to proceed.

General Public:

3. Is an accommodation needed in order for casual visitors to the One-Stop Center to access frequently used resources?
4. Have other methods of addressing special needs been exhausted (additional staff assistance, alternate formats, assistive technology)?
5. Will the accommodation cost less than \$500?

If the above answers are yes, and funds are available, UPMW will be expected to provide satisfactory accommodations, unless they can provide a substantial reason not to proceed.

The final decision to provide reasonable accommodations to individuals with disabilities or a religious belief rests with the Chief Executive Officer.

In responding to requests for reasonable accommodations, UPMW and service providers are not required to take any action that they can demonstrate would result in fundamental alteration in the nature of their program activity or an undue financial or administrative burden. UPMW or service provider has the burden of proving such alteration or burden exists after considering all resources for use in the operation of the federally funded program, activity or service. Such determination must be made by the agency director or his/her designee, and be accompanied by a written statement of the reasons for reaching that conclusion.

UPMW must further provide a copy of the written determination to the individual requesting the accommodation. The determination that a requested accommodation would result in an undue financial or administrative burden does not provide relief from the duty to furnish accommodation or service.

Questions regarding policy or filing a Request for Reasonable Accommodation should be directed to:

Some LEP persons may prefer or request to use a family member or friend as an interpreter. However, family members or friends of the LEP person will not be used as interpreters unless specifically requested by that individual and after the LEP person has understood that an offer of an interpreter at no charge to the person has been made by the facility. Such an offer and the response will be documented in the person's file. If the LEP person chooses to use a family member or friend as an interpreter, issues of competency of interpretation, confidentiality, privacy, and conflict of interest will be considered. If the family member or friend is not competent or appropriate for any of these reasons, competent interpreter services will be provided to the LEP person.
